**Heath Print Equipment Cart,  
Stahls 162776 // SA1051**

Art.-Nr.: SA1051

- The scissor table is a stable, height-adjustable table that can carry up to 272 kg
- This makes it ideal for the Hotronix Dual Air Fusion IQ™ as well as other heat presses and textile finishing accessories
- The heavy duty table is made of steel and has a powder coated finish
- The worktop can be adjusted to heights between 43 and 89 centimetres
- Movable wheels enable even heavy equipment to be moved in the room or pushed to the side
