

Stahls

**Heat Press Caddie™, Stahls
125187 // SA411**

Art.-Nr.: SA411

- More flexibility
- With the help of the caddy, your heat press is height-adjustable and can be repositioned at any time, even during operation, if necessary, thanks to the attached rollers
- You can turn textiles directly on the bottom plate without removing the textile from the press
- A wrench is required for assembly
- Heat presses must be purchased separately
- Suitable for MAXX™ & Sprint® Mag T-shirt presses (except XS)
- Maximum height 100 cm
