**Hotronix® Sports Ball Heat Press, Stahls 163082 // SA415**

Art.-Nr.: SA415

- This press enables you to refine most inflatable sports balls (depending on the texture)
- The ball press has a digital temperature and time display with twin timer function
- The specially shaped heating plate fits all ball sizes and shapes
- An adjustable ball holder system ensures that the pressure can be adjusted to the ball size
- All balls can be pressed at the same temperature of 113 °C for 8 seconds, the low temperature is important in order not to damage sensitive plastics or artificial leather
- We recommend a transfer size of up to 4 × 10 centimeters to ensure that the film lies smoothly on the curved ball surface
- For nubby basketballs we recommend a finish with the Grip rubber mat for an additional 5 seconds
- Size: 60 x 25 x 55 cm
- Power supply: 240 Volt, 360 Watt, 1,5 Amp
- Pressure adjustment: Height adjustment of base plate
- Max. Temperature: 220°C
- Maximum printing area: 3,8 x 10 cm
- 30 years warranty on the heating element
- 5 years warranty on the frame construction
- 2 years warranty on the Controlboard
