

Stahls

CAD-COLOR® SuperTek
Sublistop, Stahls 163362 //
SA915

Art.-Nr.: SA915

- With patented ONYX STiX² adhesive and an activated carbon barrier layer that keeps the material elastic and supple despite the block-out function
- A short pressure time at low temperature protects the textile surface
- Will adhere to virtually all fabrics
- Temperature: 150° C, Time: 5 sec., Pressure: medium, (#4-6 on Hotronix®), Peel: warm, Repress: 5 sec.
- Recommended fabrics: 100% cotton, 100% polyester (Test before application), Polyester-cotton blends, elastane blends, most nylon garments (Test before application)
- You should always test cut prior to any production run, cutter settings will need to be adjusted as the blade ages, cutting too deep will result in weeding or printing difficulties
- Suitable for 40° C wash
- Do not use fabric softeners or bleach
- Suitable for drying with gentle adjustment
- Can be directly ironed
- Store in a cool, dry environment, avoid direct heat or sunlight
