

Virshields®

**Filtering Half Mask FFP2 NR  
(Pack of 10), Virshields®  
VS005+VS101-VS105 //  
VS005**

Art.-Nr.: VS005

- 5 layers of nonwoven fabric (spunbond-meltblown-hot air cotton-meltblown-spunbond)
- 3D-shaped
- The inner layer is a hydrophilic spunbond nonwoven fabric that is used to absorb moisture, including moisture produced by the user. The outer layer is a hydrophobic spunbond to protect the user from splashes. The filter layers in the middle – meltblown, hot air and another layer of meltblown – form a barrier against germs
- Double wire nosepiece
- Flat, elastic ear loop
- Disposable mask
- The filter effect is ? 94% (BFE)
- EN 149:2001+A1:2009
- The product is non-invasive, non-sterile and intended for short-term use
- Pack of 10
- Made in Europe
